The Goal of the Workshop

The workshop deals with the various aspects of the life and work of world important pioneers in the field of Information and Communication Technologies, as well as the landmarks in the historical development of infrastructures of these technologies in different countries. This includes important device inventions, and the physics and mathematics discoveries and developments in which the foundations lay.

Also, important predictions by Science Fiction masters are welcome.

The main goal is to interest all scientists and engineers (specially the younger generations) in the history of their field.

Extended Abstracts and Important Dates

An extended two pages abstract, including references, in English, indicating that the submission is for the workshop **Pioneers and Landmarks in The Development of Information and Communication Technologies** must be sent by e-mail to eurocast@iuctc.ulpgc.es until October 31, 2016.

For the extended abstract, you must follow instructions in Information for LNCS Authors (<http://www.springer.com/computer/lncs?SGWID=0-164-2-793341-0&changeHeader>)
